

Cherry Kool-Aid Fudge

Ingredients:

24 ounces white chocolate morsels

1 (14-ounce) can sweetened condensed milk

1 (0.13-ounce) packet unsweetened cherry-flavored Kool-Aid drink mix

sprinkles to decorate (optional)

Directions:

1. Take an 8 x 8 baking pan and line it with foil or parchment paper, leaving enough hanging over the edges to use as handles to lift the fudge out.
2. In a microwave-safe bowl, add white chocolate morsels and sweetened condensed milk.
3. Melt in the microwave, in 20 to 30 second intervals, stirring each time, until it is melted.
4. Add packet of cherry flavored Kool-Aid.
5. Stir together until well combined.
6. Place the mixture into your prepared pan and spread it out evenly.
7. If you like, you can add pretty sprinkles to the top and slightly press them down into the fudge.
8. Chill in the refrigerator for 3 to 4 hours or until it sets up.
9. After it has chilled, lift the fudge out of the pan and cut into squares to serve.
